CENEO

Ceneo Trusted Reviews Official
## PrestaShop Module

> Functional scope of the module:

Ceneo's Trusted Reviews program is used to collect reviews by stores about themselves. Opinions are given by users making purchases in the store and are acquired through a survey sent by Ceneo.

At the same time, the program allows you to collect opinions on purchased products.
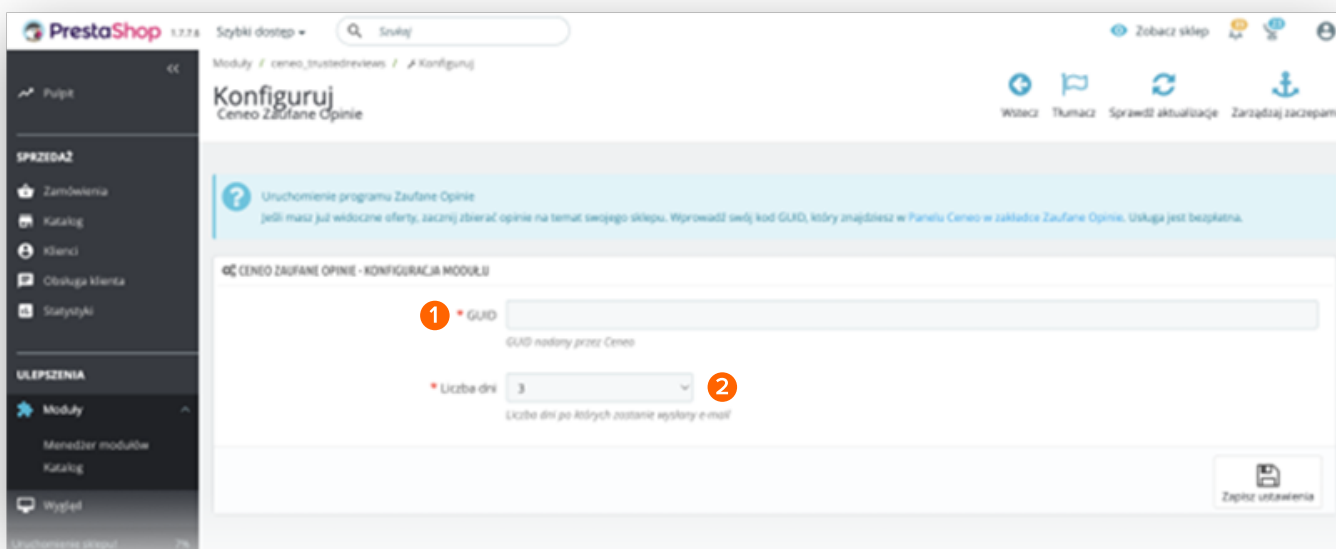

˅ Module installation

Store panel: Enhancements -> Modules -> Module Manager.

1 In this view on the top right, click the "Load Module" button and point to the previously downloaded ceneo_trustedreviews.zip file.

After installing the module, proceed to its configuration.

˅ Configuration and functioning of the module

In the configuration of the module, enter the GUID available **1** in the Ceneo panel and select the number of days **2** after which the buyer will receive an e-mail.
